### **Repository Hours for the October Sale:**

Friday, October 6 <sup>th</sup>	NOON - 4:00 PM
Saturday, October 7 <sup>th</sup> – Monday, October 9 <sup>th</sup> :	8:00 AM - 5:00 PM
Tuesday, October 10 <sup>th</sup> – Wednesday, October 11 <sup>th</sup> :	8:00 AM - end of sale
Thursday, October 12 <sup>th</sup> :	8:00 AM - NOON

Radiographs may be submitted online by your veterinarian. Radiographs on flash drives or CD's may be submitted to the OBS office prior to the deadline.

**RADIOGRAPHS MUST NOT BE TAKEN ANY EARLIER THAN WEDNESDAY, SEPTEMBER 20, 2017.**

The Repository is established for consignors to deposit radiographs and other relevant information for inspection by prospective Purchasers' registered veterinarians. The deposit and inspection of information, and access to the Repository are subject to the Conditions of Sale. Below is a summary of the Conditions of Sale concerning the Repository. (Condition Thirteenth) Please refer to the full version of the Conditions of Sale which may be found in the OBS catalog and the OBS website.

### **Summary of Repository Conditions (OBS Condition Thirteenth)**

- Repository is voluntary
- Consignor warrants all information placed in Repository is accurate, valid and authentic or horse may be subject to return
- All information placed in the Repository is the property of the Consignor or Consignor's veterinarian and may be picked up 72 hours after the fall of the hammer. Consignor may grant permission for the Purchaser to receive the information
- Purchasers are responsible for conducting a full inspection of horses and Repository information
- Purchasers acknowledge Veterinary Radiographic Reports are:
  - Subjective veterinary opinions
  - NOT a substitute for a review of actual radiographs
- OBS will NOT review or warrant Repository information

### **Consignor access to repository activity**

- Consignors will be provided a unique URL to obtain Repository activity information on each horse in their consignment via the internet from a computer or mobile device.
- Consignors must complete a Consignor Authorization form to allow employees to obtain printed Repository activity reports from the Repository. (**see attachment 5**)

## **RULES FOR SUBMISSION**

- Radiographs must not be taken any earlier than twenty one (21) days prior to the start of the sale and delivered to the Repository along with all other veterinary information by the deadlines outlined above.
- A minimum of **36 views (see attachment 2)** must be submitted. Any submission with less than the 36 prescribed views will not be accepted. Consignors may include additional views to augment the submission.
- Radiographs must be submitted in the format outlined by Asteris Veterinary Digital Imaging Keystone Repository software either online or directly to the OBS Repository. All other information should be labeled with the hip number, dam's name and entered horse's year of birth.
- A Veterinary Radiographic Report must be submitted in addition to the radiographs. OBS will supply Consignors with a "stamped" copy of the Report. **THIS IS THE ONLY REPORT A CONSIGNOR MAY USE IN PRESENTING INFORMATION TO A POTENTIAL PURCHASER.**
- **AFTER THE SUBMISSION DEADLINE ADDITIONAL VETERINARY INFORMATION WILL NOT BE ACCEPTED AND MUST BE ANNOUNCED FROM THE AUCTION STAND.**

## **RULES FOR VIEWING RADIOGRAPHS**

- Each veterinarian desiring to inspect the Radiographs on behalf of their client, must register in person at the Repository by completing a Veterinarian Registration form. Once completed they will receive a user name and password valid for the current sale only. Veterinarians are required to register with OBS in person for each sale.
- The user name and password will allow veterinarians to view radiographs in the Repository as well as remotely via the Asteris website. **THE USER NAME AND PASSWORD ARE FOR SINGLE USERS ONLY. VETERINARIANS ARE PROHIBITED FROM SHARING THEIR USER NAME AND PASSWORD WITH ANYONE ELSE (INCLUDING INTERNS AND EXTERNS) REGARDLESS IF THEY ARE REGISTERED USERS OR NOT.**
- **For security purposes, the Repository software has tracking capabilities for the protection of the integrity of the repository process.**
- **NO PERSON MAY REMOVE, COPY OR REPRODUCE THE RADIOGRAPHS FROM THE REPOSITORY.**
