

OCALA BREEDERS' SALES COMPANY

P.O. Box 99 Ocala, FL 34478 Fed-Ex and Express Mail: 1701 SW 60th Ave. Ocala, FL 34474
(352) 237-2154 Fax: (352) 237-3566 E-mail: obs@obssales.com website: www.obssales.com

Dear Consignor:

August 31, 2019

The OBS October Yearling Sale will begin Tuesday, October 8th at 12:00 PM. The Tuesday start will allow horsemen time for travel after the weekend stakes races. The catalog will be online by September 10th at www.obssales.com and will be mailed from our printer September 23rd.

Sale Schedule

Selected Session:	Tuesday, October 8th	(1 – 204 + supp)	12:00 PM start
Open Session:	Wednesday, October 9th	(301– 693 + supp)	10:30 AM start

Supplements will be accepted through September 20th

NEW FOR 2019

Beginning with the 2019 October sale, the OBS Repository will offer consignors the option of including videos of endoscopic examinations with the radiographic study. Endoscopic videos recorded prior to September 30th will not be accepted. Placing an endoscopic video in the Repository **WILL NOT** affect the OBS Throat Warranty. Please refer to the attached AAEP "Protocol for Pre-Sale Video Endoscopic Examination of the Upper Airway at Public Auction". This protocol may also be found on the OBS website under the "Consignor Information" tab.

Repository Information

<u>Sale</u>	<u>Sale Date</u>	<u>Submitted by</u>	<u>Available to View</u>
October 2019	selling Oct. 8th-9th	Friday, Oct 4 th 4:00 pm	Sunday, Oct 6 th 9:00 AM

Repository Hours for the October Sale:

Friday, October 4 th – Monday, October 7 th :	8:00 AM – 5:00 PM
Tuesday, October 8 th – Wednesday, October 9 th :	8:00 AM – end of sale
Thursday, October 10 th :	8:00 AM -- 12:00 PM

Radiographs and Video scopes may be submitted online by your veterinarian. Radiographs and Videos on flash drives or CD's may be submitted to the OBS office prior to the deadline.

**RADIOGRAPHS MUST NOT BE TAKEN ANY EARLIER THAN WEDNESDAY,
SEPTEMBER 18th, 2019**

JOCKEY CLUB CERTIFICATES

NOTICE—VERY IMPORTANT!

PLEASE BE SURE TO ASSIGN YOUR DIGITAL JOCKEY CLUB CERTIFICATES TO OBS. IF YOU HAVE ANY QUESTIONS CONTACT SAM COOK IN THE OBS OFFICE IMMEDIATELY.

PLEASE PROVIDE PAPERWORK PROMPTLY. NOTIFY THE OBS OFFICE OF ANY PROBLEMS!!
THE DEADLINE FOR ALL PAPERWORK TO AVOID A \$100 LATE FEE IS FRIDAY, SEPTEMBER 27th
PLEASE CONTACT YOUR BANK. THEY DO NOT SEND PAPERS AUTOMATICALLY.
OVERNIGHT PACKAGES SHOULD BE SENT TO OUR STREET ADDRESS.

IT IS IMPORTANT THAT OBS HAS THE FOLLOWING DOCUMENTS ON FILE:

- Digital Jockey Club Certificate Assigned to OBS
- Coggins (dated within 6 months of date of sale)
- EVA Test (dated within 90 days of date of sale)
- EHV-1 vaccination record (dated between 14 and 90 days from sale)
- Authorized Agent Forms

PLEASE NOTE

Please identify all horses on Coggins and EVA tests by registered name and/or dam & foaling year, not by nickname or barn name.

Equine Piroplasmiasis Testing

While an Equine Piroplasmiasis test will **not** be required for the 2019 October yearling sale, horses traveling from out of state, particularly from Texas or New Mexico, should contact the Florida Department of Agriculture (850-410-3800) for any additional documentation needed to enter the state of Florida.

Walking Videos

Like last year, OBS has contracted with Thorostride to provide walking videos in lieu of photographs for the Selected Yearlings. Thorostride will contact consignors and arrange for the videos to be done where yearlings are stabled. They will be setting appointments beginning as soon as possible. Our desire is to have video footage of all horses by September 23, and the videos posted on our website by September 27th. Any consignor/owner wishing to view the videos before they are posted may do so by contacting Jay Friedman at OBS. Additionally, any horses that are coming from areas other than Ocala or Lexington that may present time/logistic issues with scheduling may be videoed when they arrive on the sales grounds.

Thoroughbred Aftercare Alliance

The Thoroughbred Aftercare Alliance (TAA) is an industry wide effort designed to serve as both the accrediting body for facilities that care for Thoroughbreds following their racing careers and a fundraising body to support these approved facilities. In order to achieve this goal, The TAA plans to develop sustainable funding from all points on the life cycle of the Thoroughbred from breeding, registration, sales, racing and all points in between, including veterinary care and transportation.

OBS has joined with the other major Thoroughbred sales companies in supporting the TAA. Beginning January 1, 2013, OBS, its buyers and consignors will contribute .05% (1/20th of 1 percent) of all sales unless a written request to opt out is submitted to OBS prior to the sale. This comes out to 5 cents for every \$100 in sales. On a \$100,000 sale each participant's contribution will be \$50 dollars. RNA's will not be included in contribution calculations.

Stabling

COOPERATION AMONG CONSIGNORS IS IMPORTANT. Barn assignments are listed below. Stalls will be assigned at a later date. **Consignors may have to share tack rooms/stalls**; please do not use a tack room/stall without prior approval from OBS. Stalls will be available by Thursday, October 3RD. OBS will provide straw bedding. Selected Sale horses should be available for inspection by Sunday, October 6th. Contact Tracy Alderson for stabling information.

The OBS feed store located at the stable gate will be open for feed, hay and supplies for your convenience from 7:30 AM to 5:30 PM weekdays, 7:30 AM to 4:30 PM Saturday, and 9:00 AM to 2:00 PM on Sunday, October 6th.

Please be available at your barn two hours prior to the sale to expedite the process and provide assistance to our hip taggers. Please be reminded that if the buyer does not pick up the horse or make arrangements for its care, the consignor should insure the horse will be cared for. If you can no longer care for the horse, notify OBS so we may look after the horse. Do not remove the sales halter or hip tags from the horse. Halter tags may be picked up at the stable gate and returned there after the sale.

REMINDER!

Carefully review catalog pages for accuracy, especially state-bred and stakes engagements. You, the consignor, are responsible and any errors could result in the return of the horse. Notify Lauren Marks of any corrections as soon as possible.

Please review the attached information sheets, and contact us for any assistance.

Sincerely,

Tod Wojciechowski
Director of Sales

STABLING INFORMATION

CONSIGNOR: _____

BARN: _____

*****STALLS WILL BE ASSIGNED PRIOR TO THE SALE*****

OBS OCTOBER 2019 SALE INFORMATION

STALLS: Do not use a stall or tack room without OBS approval. Stalls are assigned for sale horses only. Please cooperate with fellow consignors as tack rooms/stalls may need to be shared.

EHV-1 VACCINATION RECORDS: OBS requires the EHV-1 vaccination records form be submitted and signed by a veterinarian.

REPOSITORY: THERE IS NO LONGER A BONE WARRANTY FOR ANY HORSE WHETHER OR NOT THERE ARE RADIOGRAPHS IN THE REPOSITORY. PLEASE REVIEW THE ENCLOSED RULES AND INFORMATION REGARDING THE REPOSITORY AND THE CHANGES TO THE OBS CONDITIONS OF SALE. THE INFORMATION MAY ALSO BE FOUND ON THE OBS WEBSITE

MEDICATION POLICY/PROHIBITED PRACTICES: Please review the attached policy.

POST-SALE TESTS: The purchaser may request a post-sale blood test within 24 hours of purchase according to Florida law. OBS policy allows the buyer to request a test for anabolic androgenic steroids AND bisphosphonates at the time of purchase. **Anabolic androgenic steroids may not be administered at any time prior to sale. Bisphosphonates may not be administered to any horse under the age of four.**

MEDICATION REPORTING: Medication reports must be submitted to OBS on a daily basis starting 72 hours prior to sale day and continuously through sale day. Medication may be administered according to state guidelines described below while also abiding by further restrictions imposed by OBS policy. It is extremely important to have these forms completed accurately and signed by your veterinarian. Reports must be submitted to the office or information center within 12 hours of treatment or 1 hour prior to the sale session, whichever is earlier. Medication reports for each horse will be in the information center and available to prospective buyers upon written request. Copies of those requests are available to the consignor.

SUMMARY OF MEDICATION REGULATIONS (FLORIDA STATUTE 535.08): No person shall administer to a thoroughbred horse offered at a licensed public sale any substance recognized as an injectable, oral, or topical medication within 72 hours of the start of the sales session unless the person is a licensed veterinarian and the medication is therapeutic or necessary for the treatment or prevention of an illness or injury and is reported to the sales organization. A separate medication form signed by a veterinarian must be submitted individually for each horse treated. Copies of 535.08 are available at OBS.

PAPERWORK: A \$100 late fee will be assessed for paperwork received after the deadline of Friday, **September 27th**. Please submit your paperwork, including authorized agent forms, as soon as possible and make necessary arrangements with your bank. **Please be sure to assign your digital Jockey Club certificates to OBS. If you have any questions contact Sam Cook in the OBS office immediately.**

CARE OF HORSE AFTER SALE: If the buyer does not pick up the horse or make arrangements for its care, the consignor should insure that the horse will be cared for after the sale. If you can no longer care for the horse, please notify OBS so we may look after the horse.

HIP TAGS/HALTERS: Be available at your barn two hours prior to the sale to assist our hip taggers. Do not remove SALE HALTERS or HIP TAGS. Halter tags may be picked up at the Stable Gate and returned there after the sale. A \$25 fee will be charged for missing halter tags.

SIGNS/STALL CARDS: Signs may not be hung in the shed row or by a barn entrance/exit. OBS will assist you in hanging signs from the barns. **OBS is not responsible for signs left after the sale.** Consignors must provide their own stall cards.

BARN AREA ACCESS: Please bring in your sales tack, feed, and equipment in early morning or after the sale. Trucks will not be allowed in the barn area after 8:00 AM each morning so consignors may show their horses

MUCK PICK - UP SCHEDULE: Muck wagons will be removed beginning at 8:30 AM daily and replaced after the sale.

NO SHAVINGS ARE ALLOWED.

NO DOGS are allowed on the sale premises.

OCALA BREEDERS' SALES COMPANY

Policy for Medication, Prohibited Practices, Riding Crops and Horseshoes

(Updated January 2019)

Medication

All medication administered to a horse within 72 hours of an under tack show or beginning of a sales session must be reported the earlier of 12 hours after treatment or 1 hour **prior to an under tack show and/or sales session**. The reports must be signed by a Florida licensed veterinarian and submitted to the OBS main office or Repository. The reports must identify the medication and the amount, strength and mode of administration; the date and time of administration; and the diagnosis and/or reason for treatment. Medications may only be administered at or below manufacturers recommended dosages.

Under tack show – controlled therapeutic medication guidelines

The administration of nonsteroidal anti-inflammatory drugs (NSAIDs) and bronchodilators must be in accordance with the Association of Racing Commissioners International (RCI) schedule for controlled therapeutic medications. **No medication may be administered within 24 hours of a horse's under tack show performance.**

Additional restrictions/clarifications:

- 1) No more than two (2) non-steroidal anti-inflammatory drugs (NSAID) may be present in a test sample.
 - a) If two NSAIDs are administered prior to an under tack show, RCI stacking thresholds will apply.
 - b) Firocoxib (Equioxx) has a withdrawal guideline of 14 days
- 2) No more than one (1) corticosteroid may be present in a test sample.
- 3) **Intra-articular injections are prohibited on the sales grounds.**
- 4) Bronchodilators
 - a) Clenbuterol may not be administered within **14 days** of an under tack show or sales session in which the horse is entered.
 - b) Albuterol may only be administered intra-nasal per RCI dosage specifications and may not be administered within 72 hours of an under tack show or sales session in which the horse is entered. Administration of albuterol by any means other than intra-nasally has a high likelihood in resulting in a positive finding.
 - c) No other bronchodilator may be administered within 72 hours of an under tack show or sales session in which the horse is entered.
- 5) OBS amended the anabolic androgenic steroid policy (Condition Eleventh) effective July 1, 2016. The '45-day' rule for administration has been eliminated and the administration of steroids to weanlings, yearlings and 2-year-olds at any time prior to sale is prohibited.
- 6) The following medications may **NOT** be administered on the sales grounds:
 - a) All substances classified as either Class 1 or Class 2 by the Association of Racing Commissioners International (RCI).
 - b) Furosemide (Salix) (except for horses that have raced on Furosemide)
 - c) Procaine Penicillin

Please note: Fluphenazine (Prolixin), Reserpine (Serpasil), Carisoprodol (Soma, Rela) are class 2 medications. Many herbal supplements contain prohibited substances including bronchodilators and stimulants.

Please review these medication policies with your veterinarian to assure compliance.

RCI Uniform Classification Guidelines: [ARCI Uniform Classification Guideline version 14.0](#)

RCI Controlled Therapeutic Medication: [ARCI-controlled-therapeutic-medications-schedule version 4.1](#)

Florida Statute 535.08: [FL Statute 535.08.pdf](#)

These are also available at the OBS office and accessible on the OBS website under consignor information.

Testing

- 1) Post-breeze random testing will be performed on horses selected at the sole discretion of OBS.
- 2) Buyers may request testing for anabolic androgenic steroids at the time of purchase and for undisclosed medication within 24 hours of purchase.
- 3) Test results will be submitted to the Department of Agriculture as required. The consignor is subject to penalties described in Florida Statute Chapter 535.08 including being charged with a misdemeanor and barred from selling for a period of 2 years.

Prohibited Practices

Horses that have been subject to any of the following prohibited practices shall be subject to return or withdrawal:

- 1) **Extracorporeal Shock Wave Therapy or Radial Pulse Wave Therapy**
- 2) **Acupuncture and/or Electro-Stimulation** with the intent of altering laryngeal function
- 3) **Electrical devices** designed or used to increase the speed of a horse. Anyone in possession of a prohibited electrical device will be banned from the OBS sales grounds.
- 4) **Any invasive practice which intentionally conceals a material defect or chronic lameness.**
- 5) **Internal Blister or other injections** to the knee intended to have the effect of concealing the true conformation of the horse is not permitted at any time.

Use of a Riding Crop and Spurs at an Under Tack Show

At any time after the starting pole which the horse begins to breeze (i.e. 1/8, 1/4, or 3/8), a rider may only use the riding crop while both hands are holding the reins and may not strike the horse behind the girth. A rider is prohibited from striking the horse in any manner beyond the finish line. In situations where the safety of the horse or rider is in jeopardy, a riding crop may be used in front of the girth. Excessive whipping before the beginning of the work or in preparation for a breeze is prohibited. Spurs are not allowed at an under tack show. Any infraction of this rule may result in a fine of \$500 fine to be paid by the consignor. Chronic offenders may be banned from riding on the sales grounds. The sales company or its representatives have full, final and sole authority to interpret and enforce this rule. Funds collected from fines levied will be distributed to a thoroughbred industry related charity at the sole discretion of Ocala Breeders' Sales Company.

Horseshoes

A horse at a two-year-old in training sale may not train with front shoes that have toe grabs which exceed 2mm, or bends, turn-downs, stickers, jar caulks or any other traction device. Turn-downs of more than ¼" will not be permitted on hind shoes. For training on the Safetrack surface, OBS recommends the use of only flat Queen's Plate, Queen's Plate XT or equivalent.

Summary of RCI recommended withdrawal times for administration of NSAIDs and Bronchodilators

Refer to RCI Controlled Therapeutic Medication Schedule – [ARCI-controlled-therapeutic-medications-schedule version 4.1](#)

NSAIDs – no more than 2 may be present in a test sample

Diclofenac (Surpass) 48 hours

- Five inch ribbon topical application of 1% diclofenac liposomal cream formulation
- 5 nanograms per milliliter of plasma or serum

Firocoxib (Equioxx) 14 days

- Oral administration as EQUIOXX oral paste at a daily dose of 0.1 milligram per kilogram for four days
- 20 nanograms per milliliter of plasma or serum

Flunixin (Banamine) 32 hours 48 hours secondary anti-stacking withdrawal guideline

- Single intravenous dose of flunixin as Banamine (flunixin meglumine) at 1.1 milligram per kilogram
- 20 nanogram per milliliter of plasma or serum
- Secondary anti-stacking threshold: 3.0 nanograms per milliliter of plasma or serum

Ketoprofen (Ketofen, Orudis) 24 hours 48 hours secondary anti-stacking withdrawal guideline

- Single intravenous dose of ketoprofen as Ketofen at 2.2 milligrams per kilogram
- 2 nanograms per milliliter of plasma or serum
- Secondary anti-stacking threshold: 1 nanogram per milliliter of plasma or serum

Phenylbutazone (Bute) 24 hours 48 hours secondary anti-stacking withdrawal guideline

- Single intravenous dose of phenylbutazone at 4.0 milligrams per kilogram
- 2 micrograms per milliliter of plasma or serum
- Secondary anti-stacking threshold: 0.3 micrograms per milliliter of plasma or serum

Please note that if two NSAIDs are administered the test samples may contain one of the NSAIDs listed above at a concentration up to the primary threshold and the sample may also contain another one of the NSAIDs but Flunixin, Ketoprofen, or Phenylbutazone must be at a concentration up to the Secondary Threshold.

Bronchodilators

Albuterol (Proventil, Ventolin) 72 hours

- 720 micrograms total dose intra-nasal only. Based upon dosing up to 4 times per day
- 1 nanogram per milliliter of plasma or serum
- Administration of albuterol by any means other than intra-nasally has a high likelihood in resulting in a positive finding. This specifically includes oral administration. Veterinarians are cautioned against using oral albuterol.

Clenbuterol (Ventipulmin) 14 days

- Oral administration of clenbuterol as Ventipulmin® syrup at 0.8 mcg/kg twice a day
- 140 picograms per milliliter of urine or Level of Detection in plasma or serum

Medication and Prohibited Practices Penalties

- 1) If a positive test result is received and a confirmation test is not requested or is confirmed by a laboratory selected by OBS for the administration of:
 - a) Any anabolic androgenic steroids;
 - b) Undisclosed medication administered within 72 hours;
 - c) An RCI class 1 or 2 medication, Salix, procaine penicillin;
 - d) Clenbuterol administered within 14 days, or any other bronchodilator administered within 72 hours;

The purchaser shall have the right to rescind the sale and the consignor shall refund any sales proceeds paid to consignor by OBS and pay the purchaser or OBS all proper expenses and legal fees incurred by either of them from the time of the sale until the return of the horse to the consignor or consignor's owner.

If the horse did not go through the auction ring, the horse shall be withdrawn from the sale and shall be removed from the sales grounds immediately. The consignor shall be responsible for OBS fees, penalties, and expenses.

If the horse went through the auction ring and was not sold, the horse shall be removed from the sales grounds immediately. The consignor shall be responsible for OBS fees, penalties, and expenses.

- 2) Horses that have been subject to any of the following prohibited practices shall be subject to return or withdrawal and the consignor shall be responsible for expenses incurred by the purchaser and for OBS fees, penalties, and expenses:
 - a) Extracorporeal Shock Wave Therapy or Radial Pulse Wave Therapy
 - b) Acupuncture and/or Electro-Stimulation with the intent of altering laryngeal function
 - c) Electrical devices designed or used to increase the speed of a horse. Anyone in possession of a prohibited electrical device will be banned from the OBS sales grounds.
 - d) Any invasive practice which intentionally conceals a material defect or chronic lameness.
 - e) Internal Blister or other injections to the knee intended to have the effect of concealing the true conformation of the horse is not permitted at any time.
- 3) The consignor will be subject to the penalties in section four (4) if a positive test result is received and a split sample test is not requested or is confirmed by a laboratory selected at the sole discretion of OBS which indicates the administration of:
 - a) Nonsteroidal anti-inflammatory drugs (NSAID) or bronchodilators at levels above the threshold indicated in the RCI Controlled Therapeutic Medication Schedule - Version 4.1.
 - b) Any medication within 24 hours of the horse's under tack show performance
 - c) More than one (1) corticosteroid
 - d) More than two (2) non-steroidal anti-inflammatory drugs (NSAIDs)
- 4) The consignor will be subject to the following penalties for positive test results in section One (1) and Two (2); or prohibited practices in section Three (3):
 - a) 1st offense - Warning with a maximum fine of \$1,000; possible increased testing of consignors' horses at consignor expense.
 - b) 2nd offense - Warning with a maximum fine of \$1,500; increased testing of consignors' horses at consignor expense; possible suspension of consignor for up to 1 year to be determined by OBS Board of Directors.
 - c) 3rd offense - Fine of \$500 to \$2,500 absent mitigating circumstances; increased testing of consignors' horses at consignor expense; possible suspension of consignor for up to 2 years to be determined by OBS Board of Directors.
- 5) Funds collected from fines levied will be distributed to a thoroughbred industry related charity at the sole discretion of OBS. Fines will be deducted from proceeds when available. Failure to pay fines may result in suspension from participating in OBS Sales.

OBS Repository Rules and Information

The Repository is located at the end of Barn 5 near the maintenance office

GENERAL INFORMATION

THERE IS NO LONGER A BONE WARRANTY FOR ANY HORSE WHETHER OR NOT THERE ARE RADIOGRAPHS IN THE REPOSITORY.

<u>Sale</u>	<u>Sale Date</u>	<u>Submitted by</u>	<u>Available to View</u>
October 2019	selling Oct. 8th-9th	Friday, Oct 4 th 4:00 pm	Sunday, Oct 6 th 9:00 AM

Repository Hours for the October Sale:

Friday, October 4 th – Monday, October 7 th :	8:00 AM - 5:00 PM
Tuesday, October 8 th – Wednesday, October 9 th :	8:00 AM – end of sale
Thursday, October 10 th	8:00AM – 12:00 PM

Radiographs may be submitted online by your veterinarian. Radiographs on flash drives or CD's may be submitted to the OBS office prior to the deadline.

RADIOGRAPHS MUST NOT BE TAKEN ANY EARLIER THAN WEDNESDAY, SEPTEMBER 18, 2019.

NEW FOR 2019

Beginning with the 2019 October sale, the OBS Repository will offer consignors the option of including videos of endoscopic examinations with the radiographic study. Endoscopic videos recorded prior to September 30th will not be accepted. Placing an endoscopic video in the Repository WILL NOT affect the OBS Throat Warranty. Please refer to the attached AAEP "Protocol for Pre-Sale Video Endoscopic Examination of the Upper Airway at Public Auction". This protocol may also be found on the OBS website under the "Consignor Information" tab.

The Repository is established for consignors to deposit radiographs and other relevant information for inspection by prospective Purchasers' registered veterinarians. The deposit and inspection of information, and access to the Repository are subject to the Conditions of Sale. Below is a summary of the Conditions of Sale concerning the Repository. (Condition Thirteenth) Please refer to the full version of the Conditions of Sale which may be found in the OBS catalog and the OBS website.

Summary of Repository Conditions (OBS Condition Thirteenth)

- Repository is voluntary
- Consignor warrants all information placed in Repository is accurate, valid and authentic or horse may be subject to return
- All information placed in the Repository is the property of the Consignor or Consignor's veterinarian and may be picked up 72 hours after the fall of the hammer. Consignor may grant permission for the Purchaser to receive the information
- Purchasers are responsible for conducting a full inspection of horses and Repository information
- Purchasers acknowledge Veterinary Radiographic Reports are:
 - Subjective veterinary opinions
 - NOT a substitute for a review of actual radiographs

- OBS will NOT review or warrant Repository information

Consignor access to repository activity

- Consignors will be provided a unique URL to obtain Repository activity information on each horse in their consignment via the internet from a computer or mobile device.
- Consignors must complete a Consignor Authorization form to allow employees to obtain printed Repository activity reports from the Repository. (see attachment 5)

RULES FOR SUBMISSION

- Radiographs must not be taken any earlier than twenty one (21) days prior to the start of the sale and delivered to the Repository along with all other veterinary information by the deadlines outlined above.
- A minimum of **36 views (see attachment 2)** must be submitted. Any submission with less than the 36 prescribed views will not be accepted. Consignors may include additional views to augment the submission.
- Radiographs must be submitted in the format outlined by Asteris Veterinary Digital Imaging Keystone Repository software either online or directly to the OBS Repository. All other information should be labeled with the hip number, dam's name and entered horse's year of birth.
- A Veterinary Radiographic Report must be submitted in addition to the radiographs. OBS will supply Consignors with a "stamped" copy of the Report. **THIS IS THE ONLY REPORT A CONSIGNOR MAY USE IN PRESENTING INFORMATION TO A POTENTIAL PURCHASER.**
- **AFTER THE SUBMISSION DEADLINE ADDITIONAL VETERINARY INFORMATION WILL NOT BE ACCEPTED AND MUST BE ANNOUNCED FROM THE AUCTION STAND.**

RULES FOR VIEWING RADIOGRAPHS

- Each veterinarian desiring to inspect the Radiographs on behalf of their client, must register in person at the Repository by completing a Veterinarian Registration form. Once completed they will receive a user name and password valid for the current sale only. Veterinarians are required to register with OBS in person for each sale.
- The user name and password will allow veterinarians to view radiographs in the Repository as well as remotely via the Asteris website. **THE USER NAME AND PASSWORD ARE FOR SINGLE USERS ONLY. VETERINARIANS ARE PROHIBITED FROM SHARING THEIR USER NAME AND PASSWORD WITH ANYONE ELSE (INCLUDING INTERNS AND EXTERNS) REGARDLESS IF THEY ARE REGISTERED USERS OR NOT.**
- **For security purposes, the Repository software has tracking capabilities for the protection of the integrity of the repository process.**
- **NO PERSON MAY REMOVE, COPY OR REPRODUCE THE RADIOGRAPHS FROM THE REPOSITORY.**

PROTOCOL FOR PRE-SALE VIDEOENDOSCOPIC EXAMINATION OF THE UPPER AIRWAY AT PUBLIC AUCTION

- Equipment must be capable of producing a digital video image of excellent quality.
- Horse must be identified appropriately, and that identification must be in digital format with character generation on the screen, and / or video of the catalog page, followed by unbroken video of the face prior to introduction of the scope into the nares (right or left) and up to the larynx. This is a single stream video with no editing.
- The veterinarian performing the video endoscopy may upload the video at the same time radiographs are uploaded to the OBS repository. Veterinarians or the consignor may also submit each upper airway video on an individual flash drive or CD. Upper airway videos should be stored in a file separate from the radiographs.
- Standard technique must include maximal abduction of arytenoids induced by swallowing (multiple times) and nasal occlusion. The duration of the video must be sufficient to identify all laryngeal and pharyngeal structures as well as observing their maximal function within the context of a resting exam.
- The interval between the pre-sale videoendoscopic exam and the selling session will not exceed (10) days.

SUMMARY OF OBS CONDITIONS SEVENTH AND EIGHTH

THERE IS NO LONGER A BONE WARRANTY FOR ANY HORSE WHETHER OR NOT THERE ARE RADIOGRAPHS IN THE REPOSITORY

Below is a summary of issues that must be announced, and issues that may be placed in the Repository or announced per Condition Seventh and Eighth of the Conditions of Sale. Please refer to the full version of the Conditions of Sale which may be found in the OBS catalog and the OBS website.

ANNOUNCEMENT REQUIRED whether or not the information is in the Repository (Warranty expiration in parentheses)

- Cribber (7 days)
- Ridgling, Gelding, or removal of testicle(s) (48 hours)
- Spayed filly or mare (48 hours)
- Starter's, Steward's, Veterinarian's List (45 days)
- Breeding status correction (24 hours)
- Reproductive surgeries within two years of date of sale (14 days)
 - C-Section
 - Cervix surgery
 - Removal of an ovary
 - Urethral extension

PLACED IN REPOSITORY OR Announcement allowed (Warranty expiration in parentheses)

- Impaired vision (48 hours)
- Invasive Joint Surgery: 2YO or less or unraced racing prospects required, excludes horses that have raced or being sold for breeding purposes only (7 days)
- Check Ligament Surgery (48 hours)
- Throat Surgery: 2YO or less or unraced racing prospects required, excludes horses that have raced or being sold for breeding purposes only (7 days)
- Abdominal Surgery within 2 years or resection at any time (7 days)
- Nerved: excluding horses sold for breeding purposes only (48 hours)

Conditions which are returnable that may NOT be announced or placed in repository (Warranty expiration in parentheses)

- Scope findings: After July 1st of a horse's yearling year, excludes horses that have raced or being sold for breeding purposes only (48 hours)
 - Epiglottic entrapment
 - Unable to fully abduct
 - Severe chondritis or deformed arytenoid
 - Sub-epiglottic cyst
 - Persistent Displacement soft palate
 - Rostral displacement palatopharyngeal arch
 - Cleft Palate
 - Other lesions which obstructs air flow
- Wobbler (7 days)
- Acute Laminitis: excluding horses sold for breeding purposes only (48 hours)
- Prohibited Practices (48 hours)
 - Shockwave
 - Acupuncture for throat function
 - Injection behind knee to conceal true conformation
 - Electrical device during training or under tack
 - Invasive practice concealing material defect or chronic lameness
