

OBS January Mixed Sale--Horses of Racing Age Section

January 15-16, Under Tack January 14

Once again, the January Mixed sale will feature a Horses of Racing Age section with an optional Under Tack show. OBS received extremely positive feedback from last year's sale from both buyers and sellers. The HRA section with the under tack show fills a demand for owners looking to add to or adjust the size of their racing stables. Additionally, sellers of in-training horses now have an opportunity to market young, talented horses that may have had to miss juvenile sales. The inaugural Horses of Racing Age sale last year produced a sales topper of \$240,000.

Please be sure to use the Open Contract for HRA entries. The scheduled entry deadline is November 9th. Late entries for the HRA section will be accepted through November 22nd. Horses withdrawn prior to December 1st will not incur any fees. In addition, supplemental entries may be accepted after the catalog has been finalized. These entries will be available on our website as well as a supplemental catalog distributed at the sale. The Under Tack show will be held January 14. Horses may either breeze no less than 3 furlongs, or gallop. Video of the under tack show will be available for viewing on the sales grounds and the OBS website.

Consignors are reminded the bone warranty as described in Condition Seventh subsection (5) does not apply to horses sold after January 1st of their three year old year.
